Chairman Powell:

I am a young parent of three, and my life is easier and better because of the lack and downward spiral of decency in tv programming.

We don't watch it, and haven't for over 7 years. We read, play games, and talk to one another instead.

It is too bad for those who choose to watch television though. They are constantly and consistently subjected to materials they find offensive.

They can pay for cable to get that family programming they want, but they also get several channels that are much worse than the ones they were trying to avoid in the first place.

With cable A' la Carte packages being more expensive if even offered, and movie editing considered unconstitutional, the people have little choice.

Hopefully, the people will win in the end and get what they want; choices in decent programming.

Sincerely,

Mrs. Sunni Ordronneau

I'M 37 YEARS OLD AND TELEVISION REALLY HAS GONE DOWN-HILL SINCE I WAS A CHILD. I REMEMBER THE SHOWS, SUCH AS LITTLE HOUSE ON THE PRAIRIE, SHOWS THAT ACTUALLY REINFORCED GOOD MORALS.

REGARDLESS, I'M TO THE POINT, WHERE THE TELEVISION STAYS OFF. I ALSO DON'T SUBSCRIBE TO CABLE.

YES, AS A MOTHER I WOULD LIKE TO SEE BETTER PROGRAMMING FOR MY SONS, LESS VIOLENT AND SEXUALLY ORIENTATED AND GOD-FORBID THIS GAY/LESBIAN CRAP. BUT, THAT IS A WHOLE OTHER ISSUE.

THE ONLY CHOICE WE AS PARENTS HAVE IS TO KEEP THE TELEVISION OFF, AND THAT IS WHAT I HAVE DECIDED TO DO.

My letter concerns the excessive and graphic violence on television at all times of the day and night. It is visual and verbal. I do not allow my children, who are 2 and 4 to watch any television programs at all because even on programs that are supposedly designated for children, there are violent actions, inappropriate jokes or behavior, and crude language. I will not allow them to learn to treat others poorly by watching it on tv. Also, adult programs are so vulgar and violent that they are worse than R rated movies used to be. There is no wonder that our society in general is more violent and uncaring toward others, that murders are more frequent. There is a direct connection between violence on tv and violence in society. I urge you to restrict the violence and bad language in television programs and commercials and fine companies that violate the restrictions. I do not understand how free speech and expression has gone so far that society allows such terrible programs on tv. Please do your part to make tv better, more educational, less violent and more acceptable. Thank you for your time.

Sincerely,

Kathy Smith

It is a shame and disgrace when you sit down with your five year old granddaughter on a Saturday evening and there is nothing but filth on the tv set. My son is 19 and I am ashamed to watch anything on tv with him. What has happened to morals and standards? What has happened to The Andy Griffith Show and I Love Lucy? What has happened to America? I never turn my set on anymore. If it wasn't for The Sport Channels we wouldn't even own a tv. Don't you think its time to take a stand and do something? Do you have children and grandchildren? Their blood is on our hands, we are responsible for those precious little ones. Please take a stand against the garbage on our television screens.

Please consider parents and children when you make decisions about violence. If people want to watch violence they can rent a video but it does not have to come over the television into every home. I will not allow my children to watch the violence on television. One of my children is very sensitive and even seeing some of the advertisements causes nightmares.

Seeing violence helps people accept it and desensitizes them. Studies have shown that seeing violence increases violent behavior. This is not the behavior I want my children learning or my neighbor's children, nor any children. We want our children to grow up with values of compassion, understanding, and respect. These are not seen in these violent television shows. Please adopt strict standards that will limit the violence that can be on television. Thank you.
